PanTerra Networks Named to Prestigious 2011 Inc. Magazine's 500|5000 List for Second Consecutive Year

PanTerra Networks enjoys an exclusive ranking as one of the fastest-growing private companies in the nation

SUNNYVALE, CA, August 24, 2011 -- PanTerra Networks (www.panterranetworks.com), the leading provider of cloud-based Unified Communications solutions for small and mid-sized enterprises, announced today it has made the Inc. magazine's 500/5000 list for the second consecutive year. The Inc. 500/5000 list is an exclusive ranking of the nation's fastest-growing private companies and the most comprehensive look at an important segment of the US economy—SMBs and independent entrepreneurs. In a stagnant economic environment, median growth rate of 2011 Inc. 500|5000 companies remains an impressive 94 percent. The companies on this year's list have reportedly created 350,000 jobs in the past three years and aggregate revenue among the honorees reached \$366 billion, up 14 percent from last year. PanTerra Networks joins Spirit Airlines, television maker Vizio, Honest Tea, Dunkin Donuts and Metrokane, among other prominent brands featured on this year's list.

Arthur Chang said, "It is a privilege to be recognized by Inc. magazine for a second consecutive year along with the other strongest revenue growth companies in the US. PanTerra is very fortunate for the rapid adoption of cloud-based unified communications services for SMB enterprises. Consistent demand for our advanced Cloud-UC services across many industry verticals has enabling us to continue our rapid growth."
