

# PanTerra Networks Connect Awarded 2022 TMCnet Teleworking Solutions Excellence Award

*Streams Connect Honored for Exceptional Solution Support*

San Jose, CA, October 26, 2022 — **PanTerra Networks** announced today that [TMC](#), a global, integrated media company, has named Streams Connect as a 2022 TMCnet Teleworking Solutions Excellence Award winner presented by [TMCnet](#).

The TMCnet Teleworking Solutions Excellence Award honors available products that help ensure remote workers have access to the same communications and other corporate resources as they would in the office. Whether they are adjusting to new teleworking environments due to the COVID-19 pandemic or had previously adopted technologies in response to an already existing remote workforce trend, the products and services from winners of the 2022 Teleworking Solutions Excellence Award enable businesses to effectively support their mobile and remote workforces.

Arthur Chang, PanTerra's President and CEO, was quoted, "Streams Connect delivers key features and benefits for Teleworkers to keep staff connected and productive in a dynamically distributed workforce. Whether you're in sales, support or engineering, teams and customers will benefit from the comprehensive collaboration and real-time communications Connect offers." Arthur continued, "The latest Connect features address many aspects of the ever-changing workforce and have experienced excellent early adopter use."

Connect's all-in-one, scalable, secure team collaboration solution seamlessly integrates audio, video, screenshare and messaging through single mobile or desktop interfaces. Connect is a part of the Streams unified communications platform from PanTerra. Some of the features of Connect include:

- **Advanced Moderator Controls:** Assign Participant Rules (audio, video, chat and screenshare) based on profiles (audience, speaker or custom) for each user.
- **Advanced Security: Multi-Factor Authentication** eliminates unauthorized meeting access and infamous "Video Bombing," and **Password Protected and Temporary Links** to control meeting access with password protected meeting links and set a meeting link to timeout.
- **Supervisory Modes:** Allows a supervisor to silently join, whisper or barge into a Connect meeting for improved training and performance tracking.
- **Background Replacement:** Select a background image of choice for the session.
- **Waiting Room:** Users can be placed in waiting room until the host allows into session. Host can also place active users back into the waiting room at any time.
- **Connect Meeting HD Recording:** HD Audio/Video recordings and messages can be stored locally or in the Connect cloud.

“The TMCnet Teleworking Solutions Excellence Award recognizes the best and the most innovative products that this industry has to offer. PanTerra has proven their commitment to quality and the further development of Teleworking Solutions industry through its Connect collaboration solution,” stated [Rich Tehrani](#), CEO, TMC. “Congratulations to the entire team at PanTerra for earning this great honor. I look forward to seeing more innovative solutions from them as they continue to contribute to the future of Teleworking,” Tehrani added.

The 2022 TMCnet Teleworking Solutions Excellence Award will be highlighted on TMCnet and [INTERNET TELEPHONY](#) magazine’s online news portal.
